

**January 2018**

**Call for Papers**  
**SASBE 4-7 December, 2018, Sydney**  
**Smart & Sustainable Built Environment Conference**

SASBE 2018 SYDNEY focuses on sustainable planning, urban design and architecture for tomorrow's cities. Smart cities, or cities that are developed with help of data driven design approaches, are an important focus point of the conference.

Here with the conference adds to the existing SASBE conferences portfolio. The official language for the conference is English. A post-conference book will include invited contributions.

The Smart and Sustainable Built Environment (SASBE) journal, published by Emerald Group Publishing Limited, will publish a double special issue with the theme of the conference, in which revised versions of SASBE 2018 SYDNEY best papers are invited for publication.

The SASBE 2018 SYDNEY conference is THE opportunity to exchange information, network with companies in the field, develop research contacts and encounter business expertise.

SASBE 2018 is the sixth in a global conferences series and will return to Australia, previous editions being organised in Australia (2003), China (2006), The Netherlands (2009), Brazil (2012) and South Africa (2015). At global level CIB (International Council for Research and Innovation in Building and Construction) Working Commission 116 hosts the conference. The current Australian edition is hosted at the University of

Technology Sydney (UTS), chaired by Prof. Dr. Rob Roggema (UTS) and will be held between 4 and 7 December 2018, in Sydney. A technical tour is being planned depending on availability and demand for 7 December.

**Abstracts**

Deadline abstract submission **15 April 2018**  
Smart & Sustainable Built Environment Conference  
Dr Chau Chak, Wing Building, Ultimo, Sydney.
