SBE16 series of National Conferences

The SBE16 Hamburg conference is part of an international series of conferences that focus on sustainable building and construction. The series was launched by the International Council for Research and Innovation in Building and Construction (CIB) and the International Initiative for a Sustainable Built Environment (iiSBE), in cooperation with the Sustainable Building and Climate Initiative (SBCI) of UNEP and the International Federation of Consulting Engineers (FIDIC).

The Hamburg conference will be held from 8th to 11th March 2016 and marks the start of the SBE conference

series on regional level in 2016 in preparation for the next SBE World Conference 2017 in Hong Kong.
