## **CIB New Encouraged Journal Management, Procurement and Law**

Management, Procurement and Law, published by the Institution of Civil Engineers (ICE) and indexed by Thomson Reuters, is an international journal which publishes papers on all aspects of the management, procurement and legal aspects of running construction projects.

The journal covers topics such as procurement strategies and contractual arrangements, managing the planning and design processes, and managing the construction phase. Particular emphasis is placed on issues such as quality, value, risk, environment and safety. Management papers cover areas relevant to the management of construction businesses, such as information technology, knowledge management, introduction of new practices and procedures, relationship management and staff recruitment, development and training.

By publishing with ICE, you will benefit from our quality, visibility and advocacy. We provide exclusive access to over 90 000 active ICE members in 160 countries.
