

**International Council
for Research and Innovation
in Building and Construction**

June 2017

**Announcement Forum/Workshop
World CIB Student Chapter
15-16 November 2017**

**International Council
for Research and Innovation
in Building and Construction**

In November 2017, the International Council for Research and Innovation in Building and Construction's (CIB) bi-annual Board meeting is being held in Perth, Australia. Following the CIB Board meeting events, an international conference is being held at Curtin University.

To coincide with this event and to allow for valuable networking with the international CIB Board members, it has been proposed that the **Curtin University CIB Student Chapter and Sustainable Built Environment National Research Centre (SBEnc) hold a World CIB Student Chapter Forum/Workshop on 15-16 November 2017, Curtin University, Perth, Australia.**

The Forum/Workshop aims to connect other student chapters through research forums, and also enhance the relationship and cooperation between CIB Board Members and representatives of the student chapters.

On behalf of Curtin University CIB Student Chapter, I have the pleasure in inviting you to join us. All the student members from CIB student chapters are welcomed to attend this event (**no registration fee**). Initial discussions and arrangements are progressing. The formal invitation and detailed program of the event will be sent to you very soon.

If you are interested in participating this Forum/Workshop, please send your reply to:
wenchi.shou@curtin.edu.au

Appreciate if you can please get back to Wenchi by **COB Tuesday 20th June.**
