

June 2018

CIB World Building Congress 2019 Competition under "Constructing Smart Cities"

You are invited by the HK PolyU CIB Student chapter, to join us in Hong Kong, for the competition under "Constructing Smart Cities", the CIB World Building Congress 2019 (CIB WBC 2019), which will be held 17-21 June 2019, at the Hong Kong Polytechnic University.

The aim of this competition is to provide a platform to all eligible researchers for exhibiting their study and research outcomes. Applicants who have successfully submitted the World Building Congress are eligible to apply. 18 presentations would be selected from all applications.

Each participant has 15mins for presentation and 5mins for Q&A. There are 3 Parallel groups with 6 Competitors in each group. Each group has different topics.

Topics

- | | |
|---------|---|
| Group 1 | Smart Buildings, Infrastructure, and Transportation; |
| Group 2 | Smart Planning, Design, Construction and Maintenance; |
| Group 3 | Smart Environment, Policy, Economy, Living and Service. |

Awards

Best Award (3 winners): HK\$ 1,000 with a Certificate
Second Award (3 winners): HK\$ 500 with a Certificate
*Registered participant will receive a Certificate.
