

**September 2018**

**REMINDER CIB Co-Sponsored Conference Call for Papers  
Sustainable Built Environment Conference  
6-8 August, 2019, Tokyo, Japan**

The organizing committee from Japan is pleased to announce that the Sustainable Built Environment Conference 2019 Tokyo will be held on August 6-8, 2019 in Tokyo, Japan.

The conference aims to encourage the participation and commitment of students and experts/professions of coming/acting generation who proactively researches on sustainable built environmental related issues that are critically relevant to the mitigation of and the adaptation to the undergoing climate change. It also aims to facilitate interactive dialogue to exchange of thought and practices among researchers, practitioners, and stakeholders, as well as to build up the interdisciplinary networks that enable holistic approach on a global scale. Respecting on the issues are significantly connected with the performance of cities in Asia, the organizer encourages the participation of counterparts and partners from Asian countries.

The conference will be held under auspices of international conveners CIB, iiSBE, UNEP-SBCI, FIDIC and GABC and belongs to the Sustainable Built Environment regional conference series leading towards World Sustainable Built Environment conference WSBE20 in Gothenburg, 2020.

The SBE19Tokyo will bring opportunity for participants from Asian region to gather and share our expertise globally. We will also host international student ideathon prior to the SBE19Tokyo, where the results would be presented at the conference.
