

**September 2018**

**CIB Special Issues Recognised and Encouraged Journals  
World Building Congress  
'Constructing Smart Cities'  
17 – 21 June, 2019 Hong Kong, China**

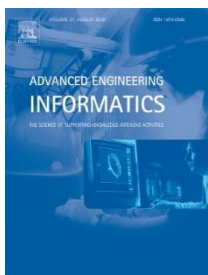

Whilst all accepted full conference papers will be published via a set of electronic Congress Proceedings, the Organising Committee is pleased to announce that the five refereed CIB Recognised and Encouraged Journals have agreed to publish special issues after the Congress.

Publications in the special issues in these journals will be subject to the usual full double blind peer review process.

**OPPORTUNITY TO TARGET A SPECIAL ISSUE OF *Advanced Engineering Informatics*:** Developed versions of selected high-quality papers discussing how a novel computational method formalizes complex engineering knowledge and validating the novel method supports engineers in their knowledge intensive work in smart city will be invited for submission, after suitable development, to a Special Issue of *Advanced Engineering Informatics*.

For more information, please visit:  
<https://www.sciencedirect.com/journal/advanced-engineering-informatics>

**OPPORTUNITY TO TARGET A SPECIAL ISSUE OF *Engineering, Construction and Architectural Management*:** Developed versions of selected high-quality papers on design, engineering and construction aspects of smart city development will be invited for submission, after suitable development, to a Special Issue of *Engineering, Construction and Architectural Management*.
