CIB New Issue Encouraged Journal Construction Economics and Building

ISSN: 2204-9029

The last issue of the CIB Encouraged Journal of Construction Economics and Building has just been published online.

Construction Economics and Building (formerly known as the Australasian Journal of Construction Economics and Building [AJCEB]) is a peer reviewed, open access publication for original research into all aspects of the economics and management of building and construction, quantity surveying and property management as well as construction and property education. It is free for authors, readers and libraries.
